PERSONAL INFORMATION

Date Of Birth	14.02.1990
Place Of Birth	Altındağ/ANKARA
Martial Status	Single
Military Service	Done

OBJECTIVES

I've been working as a professional cook for 4 years in total. After completing my military service 4 years ago, my 5 year plan was to achieve academic requirements and to get enough cooking experience in order to be prepared to work as a cook abroad. I succeeded in completing my plan. I think going to London where the world cuisine can be found and being the boss in my own restaurant there, will be the next step in my professional life.
